House Bills

HB 1243-S by House Committee on Technology, Telecommunications & Energy (originally sponsored by Representatives Sullivan, Wood, Crouse, Morris and Schoesler)

Establishing a biodiesel pilot project for school transportation.

(AS OF HOUSE 2ND READING 3/11/03)

Directs the superintendent of public instruction to conduct a pilot project on the use of biodiesel with ultra low sulfur diesel in school buses powered by compression-ignition engines. The pilot project must begin in September of 2003.

Provides that: (1) The superintendent of public instruction shall select two school districts to participate in the project. School districts located in a geographic area listed by the environmental protection agency as an area of concern for pollution emissions must receive first consideration for the project.

(2) The pilot project shall meet the following requirements: (a) During the 2003 school year, at least one of the participating school districts shall have at least twenty-five percent of the school bus fleet, or a total of not less than ten buses, fueled with ultra low sulfur diesel. Emissions testing must be conducted before using ultra low sulfur diesel, and again after ultra low sulfur diesel has been in use for at least six months. (b) During the 2004 school year, not less than seventy percent, or a total of not less than seven, of the buses fueled with ultra low sulfur diesel during the 2003 school year must be fueled with a blend of eighty percent ultra low sulfur diesel, by volume, and twenty percent biodiesel, by volume. Emissions testing must be conducted not less than six months after adding biodiesel to the ultra low sulfur diesel. (c) A maximum of one of the participating school districts may, for the duration of the project, use a blend of twenty percent biodiesel, by volume, with eighty percent highway diesel, by volume, in at least seventy-five percent of the school bus fleet, or a total of not less than ten buses. Emissions testing must be conducted before use of the biodiesel blend, again not less than six months after the biodiesel blend has been in use, and again at the conclusion of the project. (d) Issues related to the maintenance, including but not limited to fuel economy, changes in fuel filters, and other maintenance issues related to the use of ultra low sulfur diesel and biodiesel must be recorded.

Requires the superintendent of public instruction to submit a report of findings to the legislature by September 1, 2005.

Declares an intent that implementation of this pilot project will not produce a significant financial burden on participating school districts or the state. The legislature calls upon the superintendent of public instruction, the office of community, trade, and economic development, and the department of ecology to explore alternative means of funding this pilot project including the use of state or federal grants but excluding the use of money from the state general fund.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Recognizes that tax preferences are enacted to meet objectives which are determined to be in the public interest. However, some tax preferences may not be efficient or equitable tools for the achievement of current public policy objectives. Given the changing nature of the economy and tax structures of other states, the legislature finds that periodic performance audits of tax preferences are needed to determine if their continued existence will serve the public interest.

Creates the citizen commission for performance measurement of tax preferences.

The commission shall schedule tax preferences for review in the order the tax preferences were enacted into law, except that the commission may elect to include, anywhere in the schedule, a tax preference that has a statutory expiration date. This equity principle applies to all modifications to the plan, appropriation of contingency funds not identified within the project estimate, and future phases of the plan. During implementation of the plan, the board shall retain the flexibility to manage distribution of revenues, debt, and project schedules so that the district may effectively implement the plan. (originally sponsored by Senators Morton, Rasmussen and Hale)

Concerning public water systems.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Declares that a "municipal water supplier" means: (1) A purveyor, as defined in RCW 70.116.030, that: (a) Owns or operates a group A water system as defined in RCW 70.119.020 that is entitled or obligated to serve existing or additional customers and uses within one or more approved water service areas to the extent such customers and uses are allowed under an applicable land use plan; and (b) has an approved water system plan under chapter 43.20 or 70.116 RCW;

(2) An irrigation district organized under chapter 87.03 RCW;

(3) A county appointed as the receiver of a failing water system under RCW 43.70.195, approved as a satellite system management agency under RCW 70.116.134, or that holds rights for use in its own governmental or proprietary operations; or

(4) A city, town, or county that holds rights for use in its own governmental or proprietary operations.

Requires the department of health to, in cooperation with the water supply advisory committee created pursuant to RCW 70.119A.160, examine current and historical water conservation efforts and evaluate the overall effectiveness, including cost-effectiveness, of such efforts. The examination should review: (1) Different approaches taken to conserve water;

Requires the department of health to report its findings and recommendations to the legislature by December 1, 2003. The recommendations may include legislation or administrative rule changes that, if enacted or adopted, would encourage cost-effective water conservation.

SB 5027-S2 by Senate Committee on Ways & Means
(originally sponsored by Senators Morton, Rasmussen and Hale)

Providing for locally developed watershed planning.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Declares and reaffirms that a core principle embodied in chapter 90.82 RCW is that state agencies must work cooperatively with local citizens in a process of planning for future uses of water by giving local citizens and the governments closest to them the utmost opportunity in determining the future allocation and management of water in the WRIA or WRIs being planned.

Finds that this process of local planning must have all the tools necessary to accomplish this task and that it is essential for the legislature to provide a clear statutory process for implementation so that the locally developed plan will be the adopted and implemented plan to the greatest extent possible.

Provides that the act shall be null and void if appropriations are not approved.

SB 5108-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Mulliken, Stevens, Morton, Honeyford, Swecker, McCaslin and Parlette)

Concerning statutory authority for access to private property for governmental purposes.

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Declares that the people of this state have a right to a reasonable expectation of privacy on their private property.

Finds, however, that over time statutory authority for entry onto private property has expanded to the point where the people no longer feel secure from the unreasonable intrusion of government officials and others who have been granted special immunity from prosecution for trespass.

Declares that, for the purposes of this act, a state public official or employee of the state "enters or remains unlawfully" under the same circumstances as any other person, except that it is not unlawful for such an official or employee to enter or remain in a building: (1) When necessary to do so in response to a law enforcement, fire, or medical emergency;

(2) When acting under authority of a warrant or other court order that was obtained after a reasonable attempt to notify the owner and after a reasonable attempt to obtain the consent of such owner or the resident agent of any nonresident owner to allow the official or the employee to enter or remain in the building; or

Changing requirements regarding state and local tax to provide for municipal business and occupation tax uniformity and fairness.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that businesses in Washington are concerned about the potential for multiple taxation that arises due to the various city business and occupation taxes and are concerned about the lack of uniformity among city jurisdictions. The current system has a negative impact on Washington's business climate.

Finds, also, that local business and occupation tax revenue provides a sizable portion of city revenue that is used for essential services.

Recognizes that local government services contribute to a healthy business climate.

Declares an intent to provide for a more uniform system of city business and occupation taxes that eliminates multiple taxation, while allowing for some continued local control and flexibility to cities.

Requires the department of revenue to conduct a study of the net fiscal impacts of this act, with particular emphasis on the revenue impacts of the apportionment and allocation method contained in this act and any revenue impact resulting from the increased uniformity and consistency provided through the model ordinance.

Requires the department of revenue to report by December 31, 2004, to the governor and the fiscal committees of the legislature on the definitions used in the proposed model ordinance.

Concerning prescription drug assistance programs for seniors.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent to develop programs to provide prescription drugs at an affordable price to those in need, and increase public awareness regarding their safe and cost-effective use.

Requires the Washington institute for public policy to report to the appropriate committees of the legislature by November 15, 2003, on the projected five-year costs, benefits, enrollment levels, and implications for other state-funded medicaid services of a medicaid waiver program that would provide prescription drug benefits to persons aged sixty-five and older who would not otherwise be eligible for medicaid. The department shall actively cooperate and assist the institute in preparation of this report.

Requires the report to assess at least three alternative benefit designs, involving differing enrollee premium levels, point-of-service cost-sharing arrangements, and deductible levels.

Directs the health care authority to implement a program whereby it negotiates with prescription drug manufacturers for price discounts, comparable to those preferred prices it negotiates for its own purchases, to be available to any Washington resident who does not have any prescription drug coverage under plans or programs they are currently enrolled in or for which they are currently qualified. This benefit only applies to individuals, and does not apply to groups of individuals or businesses.

Requires the administrator to charge participants in this program a reasonable annual enrollment fee to offset the cost of program administration.

Declares that the price discounts available pursuant to this act shall not be at the expense of retail pharmacies.

Provides that this program will be terminated within twelve months after implementation of a prescription drug benefit under Title XVIII of the social security act, or by June 30, 2009.

Requires the administrator to establish and advertise a pharmacy connection program through which health care providers and members of the public can obtain information about manufacturer-sponsored prescription drug assistance programs.

Requires each of the state's area agencies on aging to implement a program intended to inform and train persons sixty-five years and older in the safe and appropriate use of prescription and nonprescription medications.

Provides that, by January 1, 2005, the administrator of the health care authority and the director of the department of social and health services shall submit to the governor and the legislature a progress report regarding the implementation of the programs created in this act.

The board shall present the retail business plan and its supporting study under this act to the appropriate policy and fiscal committees of the legislature by January 31, 2004. Strategies to be implemented include, but are not limited to: (1) Expanding hours of retail sales operations to include Sunday sales in liquor stores as appropriate under this act;

(4) Implementing a plan for in-store merchandising of brands and gift packs; and

(5) Appointing liquor vendors, as referenced in RCW 66.08.050, in any area that could support additional retail sales.

Directs the board to open ten state-operated retail stores on Sunday by September 1, 2003. The board shall select the ten stores that are expected to gross the most revenues on Sunday due to their proximity to shopping centers and other businesses that are open on Sunday, and other appropriate locations based on the experience of liquor stores in other states that have increased gross sales due to Sunday hours.

Declares that the following is not considered advertising for the purposes of RCW 66.08.060: (1) Placement of signs that are visible through the window of retail stores;

(2) Use of media designed to be informational regarding locations or hours of operation of retail outlets; and

(3) In-store merchandising, including point-of-sale advertising, and product specific point-of-sale promotional displays and carousels, including displays designed and provided by vendors.
